

Unit:MM

### Freezing Room Drive In Rack Layout Plan

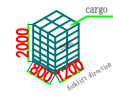

#### Material Details

upright section	beam section	single angle	double angle	rail beam section

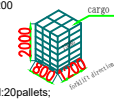

Description: Room A  
 1.Rack Size: L6050\*W4200\*H6675,  
 2.Loading Capacity:750kg/pallet; Total:48pallets;  
 Pallet size:1200\*1000; Forklift direction:L1200  
 3.Levels:1+2 levels  
 4.Color: Beam in orange;upright in blue.  
 Rail beam is galvanization.

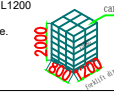

Description: Room B and D  
 1.Rack Size: L6050\*W4250\*H6675,  
 2.Loading Capacity:750kg/pallet; Total:120pallets;  
 Pallet size:1200\*800; Forklift direction:L1200  
 3.Levels:1+2 levels  
 4.Color: Beam in orange;upright in blue.  
 Rail beam is galvanization.

Description: Room C  
 1.Rack Size: L6050\*W4250\*H5700,  
 2.Loading Capacity:750kg/pallet; Total:40pallets;  
 Pallet size:1200\*800; Forklift direction:L1200  
 3.Levels:1+1 levels  
 4.Color: Beam in orange;upright in blue.  
 Rail beam is galvanization.

Description: Room E  
 1.Rack Size: L1400\*W4250\*H5700,  
 2.Loading Capacity:750kg/pallet; Total:20pallets;  
 Pallet size:1200\*800; Forklift direction:L1200  
 3.Levels:1+1 levels  
 4.Color: Beam in orange;upright in blue.  
 Rail beam is galvanization.
